Goal

Data Analyst

Profile

I'm Gabriel Faustino Carvalho, I help companies make profits and achieve their goals. I have a degree in Information Systems. I have more than 8 years of professional experience.

In my history I have experience and capacity for the roles of Data Analyst, ETL Developer, SQL Developer, Database Administrator, always working as a team with excellence and strong leadership.

I was able to learn and develop strategic skills that provide me with professional growth while maintaining the capacity for innovation.

I believe in great purposes by actively participating in completed projects and I am always willing to take on new challenges with the same success.

I need fulfillment at every moment, having the commitment to overcome obstacles with confidence, making things happen.
